Dear Sir,

RE: APPRECIATING CRC COMMUNITY

Through your office sir, I have written to appreciate you and the Catholic Regional College Community for the great work done at St Francis Primary School in Kizinga, Uganda.

Through your generosity and loving hearts, the image of our school has completely changed.

We as the community of Kizinga thank you from the bottom of our hearts for the classroom blocks you donated to us one completed and another one soon to be completed

Our learners are no longer distributed by jiggers and flu which used to attack them due to dust because now they are in a conducive learning environment.

These buildings have also protected our learners from harsh weather conditions like rainy and sunny as it was before when they still studying under trees. They also used to sit in dust but now they sit on desks which have improved on their smartness!

Food program has also enabled our learners to stay at school full time and paying attention in classes hence studying well and this has led to excellence of our learners in exams both at school and national level.

We again thank you as the community of Kizinga for striving to care for us.

Convey our lovely greetings to all people in the CRC Community especially Fr.Gerald, Ricky, Adam, Georgia, John, Sopphe, Karen and Jesse who visited us on 29th January, 2019.

We look forward to seeing you again in Kizinga for another visit.

May the Almighty God bless you always.

Yours in service,

Joseph Kihembo
